AMENDMENTS TO THE ARTICLES OF ASSOCIATION CONCERNING DURATION OF THE COMPANY

INTRODUCTION

I have pleasure in enclosing the notice (the "Notice") of the seventeenth Annual General Meeting of the Company (the "2012 AGM") to be held at 1901 Me Linh Point, 2 Ngo Duc Ke, District 1, Ho Chi Minh City, Vietnam on 5 October 2012 at 11.00 am (Vietnam time).

The ordinary business you are kindly asked to consider at the 2012 AGM consists of the re-election and election of the directors of the Company (the "Directors"), the re-appointment of KPMG as auditor, the adoption of the Annual Report and Financial Statements of the Company, and the issuance of an additional maximum 10% of redeemable shares of par value US\$0.01 each in the Company ("Redeemable Shares").

The special business to be considered at the 2012 AGM includes (a) an increase to the maximum annual board remuneration permitted by the articles of association (the "Articles"); (b) lengthening the interval between the wind up votes from two to five years; and (c) whether to wind up the Company (the "Wind Up Resolution"), which, by the Company's Articles, must be considered at this year's AGM.

Before commenting on the proposals, I summarise some important developments at the Company that you may wish to bear in mind when deciding how to vote.

Company's Investment Focus and Performance

Prior to the 2010 AGM, the Company's investment focus was refined within the existing mandate to reflect the evolving financial market in Vietnam, and is now:

- to invest in stocks with strong growth and value features as well as good corporate governance;
- to provide value-addition through long-term stock selection, avoiding frequent trading, seeking advantage from movements in core positions by large standard deviations;
- to outperform the Vietnam Index on a rolling three-year basis (the Vietnam Index is a capitalisation-weighted index of all the companies listed on the Ho Chi Minh City Stock Exchange as prepared by the Ho Chi Minh City Stock Exchange and available on Bloomberg on "VNINDEX VN Equity <GO>"). However, the Company does not systematically target the Vietnam Index and is prepared to carry active conviction positions for or against selected sectors;
- to limit concentration risk to no more than 40% of net asset value ("NAV") in a single sector and up to 12% in a single company or issuer (at the time of investment); and
- to focus on listed stocks, including offshore securities with major exposure to Vietnam, unlisted companies expected to be listed within 12-18 months of investment, and equity-linked instruments such as convertible bonds.

Since the refinement of the investment focus the Company has performed as set out below, outperforming its target of 3 years rolling VN Index as at 31 August 2012:

Investment Returns as at 31 August 2012 (non-annualised)

Share price	-3.48	-4.90	13.45	8.38	0.00	12.46
NAV	-2.53	-3.03	16.56	1.37	3.47	-27.68
VN Index Total Return (USD)	-3.60	-6.71	17.53	-2.43	-11.51	-30.86

NAV vs. VN Index Total Return (USD)	1.07	3.68	-0.97	3.80	14.98	3.18
-------------------------------------	------	------	-------	------	-------	------

Source: Dragon Capital

These favourable investment returns were achieved among other reasons as a result of the Company's strategy of being overweight in Food & Beverage and Diversified Financial sectors and, in particular, investments in Vinamilk and Masan Group Corporation.

Discount to NAV

The Company implemented a share buy-back programme starting in June 2010. Since then, the discounts of the Company's share price to NAV have reduced and have been on average 14.5% in 2012 as at 31 August 2012 (source: Dragon Capital). The discount is currently ca. 13.7% (as at 31 August 2012), compared with an average of 27.6% for comparable closed-end funds (source: Bloomberg / LCF Rothschild).

BACKGROUND ON THE 2012 AGM RESOLUTIONS

Ordinary Business

The ordinary business to be conducted at the 2012 AGM consists of the following:

1. Accounts and Auditors

Adoption of the annual accounts, the approval of the re-appointment of KPMG as the auditor of the Company and the grant of authority to the Board to fix the remuneration of the auditor.

Copies of the Company's annual report and accounts for the year ended 31 December 2011 have been sent to all shareholders. If you have not yet received a copy of the annual report and accounts, you may contact Ms. Ha Tran (tel: +848 3 823 9355 / email: hatran@dragoncapital.com), or Standard Chartered's Fund Services - Hedge Fund Operations (tel.: +65 6305 1760 / e-mail: sg.alternative-investment-ops@sc.com).

2. Re-election and election of Directors

Under the Articles, Hartmut Giesecke, Wolfgang Bertelsmeier and Derek Loh each offers to extend his services as a Director following the expiration of his term at the 2012 AGM. Dominic Scriven submits himself for re-election, even though the Articles do not explicitly require him to do so.

Farida Khambata was appointed to the Board on 18 April 2012, and now offers herself for election, as agreed under the terms of her appointment. Mrs. Khambata is a global strategist at Cartica Management LP, an asset management company with a focus on emerging markets since January 2009. Prior to joining Cartica, she was a Regional Vice President of the International Finance Corporation (IFC). She was nominated by IFC to be a non-executive director of Dragon Capital Group, the parent company of the Investment Manager of the Company, but she has no executive role with Dragon Capital or any of its affiliates. For more biographical details please refer to the announcement made by the Company on the Irish Stock Exchange dated 18 April 2012.

3. Issuance of up to an Additional Maximum 10% of Redeemable Shares

The Company seeks authorisation for the Board to issue additional Redeemable Shares of up to 10% of the Redeemable Shares in issue at the time of the 2012 AGM. Such authorisation has been sought and obtained at prior AGMs, and the Board expects that this authorisation, if approved, would only be utilised if market circumstances are favourable to raising capital, and there are suitable investment opportunities. Please note that the Company does not plan to use its existing authorisation to issue any Redeemable Shares prior to the 2012 AGM.

The Articles require the Company to issue new Redeemable Shares at a price per share no lower than the NAV per share of the Redeemable Shares in issue at the time of such issuance(s). The Company's authority to make such issuance(s) would be effective only until the next AGM of the Company in 2013. New Redeemable Shares would rank *pari passu* in all respects with the existing Redeemable Shares. New Redeemable Shares will be offered to Shareholders of the Company on a pre-emptive basis.

Adoption of this resolution will not necessarily mean that any new Redeemable Shares will be issued or that an issuance, if it occurs, will be the maximum amount allowable (17,382,300 shares), but authorisation will provide the Board with the ability to issue new Redeemable Shares in one or more transactions at its discretion, up to the maximum amount referred to.

Special Business

4. Amendment to the Articles of Association concerning Directors' Remuneration

Article 95 of the Company's Articles provides for annual board remuneration of up to US\$100,000. This figure has been in place since the Company's inception in 1995. Within this limit, average individual director fees are \$21,626 (excluding Dominic Scriven, who takes no fee). As there had been no increase since inception, the Board was concerned that the limit means directors' fees are now below the market. The Board therefore requested that the Investment Manager carry out a review of the directors' remuneration of other Vietnam-focused funds as well as certain AIM and FTSE companies. The findings are shown below.

Fund	Max. annual board remuneration	Actual director fees paid	Directors fees ratio compared to market cap	Ordinary director	Chairman	NAV (in \$ million)	Remarks (Source: Annual Report 2011)

Report by New Bridge Street (an AON Hewitt company) on FTSE AIM 100 Directors' Remuneration (2011)					
		Ordinary directors	Chairman		Remarks
AIM Top 100		\$38,750	\$54,250		Lower Quartile
		\$52,700	\$97,650		Median
		\$65,100	\$147,250		Upper Quartile
Equivalent FTSE Small Cap		\$47,275	\$108,500		Lower Quartile
		\$54,250	\$145,700		Median
		\$62,000	\$186,000		Upper Quartile

Note: Exchange rate of 1.55 applied to convert GBP to US\$

The review shows that, for Vietnam focused funds considered with net assets of below \$100 million, the average maximum annual board remuneration permitted is \$225,000. For Vietnam focused funds considered with net assets exceeding \$ 100 million, the maximum annual board remuneration permitted is \$ 300,000 (Note: Only one of the two funds disclosed the maximum annual board remuneration and actual aggregate director fees paid are \$172,500).

The review therefore demonstrates that remuneration received by the independent non-executive directors on an individual basis, and the aggregate permitted amounts, are substantially below the market rate for funds of similar size and focus.

Meanwhile, recent years have seen increasing demands on non-executive directors imposed by the evolving scope of regulations and requirements imposed by focus on corporate governance standards. This has meant an increase in time commitment for directors, with more complex matters to consider.

The Company's Board plays a crucial role in supervising the Company and the Investment Manager on behalf of all the shareholders. The Board wishes to be able to retain and, when necessary or desirable, attract non-executive directors of sufficient calibre, to continue to achieve this. The Board believes the maximum annual board remuneration must therefore be brought into line with the Company's peer group.

Shareholders are therefore asked to consider favourably a special resolution to amend

the Company's Articles to increase the maximum permitted annual board remuneration from US\$100,000 to US\$ 200,000.

The Board would like to point out the proposed increase in maximum permitted annual board remuneration would, if passed, be the first increase in the Company's seventeen-year history. The Board would not propose utilising the full amount of the increase at this stage, such level of increase would permit the appointment of additional directors should the Board deem it in the best interests of the Company to do so; and provide for sufficient flexibility to accommodate additional non-executive directors and future directors' remuneration trends. Shareholders are asked to note, the proposed increase in maximum annual board remuneration by \$100,000 represents just 0.025% of net assets as at 31 July 2012, a modest increase compared to the size of the funds under management.

5. Amendments to the Articles of Association concerning Duration of Company

5.1 Interval between Wind Up Resolutions

Article 133 of the Articles requires that if the Wind Up Resolution is not passed, another special resolution to wind up the Company is to be placed to Shareholders at two yearly intervals. Given the long-term nature of the Company's investment strategy and its focus on fundamentals with typical holding periods of three to five years, with benchmarking of performance against the three year rolling Vietnam Index, the Board believes two yearly intervals are too short, and not conducive to the optimal management of the Company under its long-term nature of its investment strategy.

Shareholders are therefore asked to consider a special resolution to amend the Company's Articles to lengthen the interval between the Wind Up Resolutions as required by the Articles from two to five yearly periods to align the interval with the Company's investment mandate.

5.2 Wind Up Resolution

The Company has been established for an unlimited duration. However, Article 133 of the Articles requires that a special resolution to wind up the Company effective 31 December, 2014 be put before the 2012 AGM. **The Board however believes that there are a number of benefits for Shareholders in the continuation of the Company, and in VOTING AGAINST the Wind up Resolution:**

- The Board and Investment Manager remain of the view that the fundamentals, favourable demographics and social-cultural factors which underpin the attractions of investing in Vietnam remain strong and that this should lead to incremental investment returns for the Company over time;
- The Board considers it appropriate to provide more time for a number of the Company's underlying portfolio investments to realise their true potential;
- The Board and the Investment Manager believe that the Company's portfolio is well positioned and continues to offer an attractive investment opportunity to continue to benefit from income growth and development of a middle class, demographics and urbanisation, financial sector development and modernisation and export infrastructure build-up; and
- The Board is committed to assisting Shareholders with liquidity goals through continuing the share buy-back programme.

RECOMMENDATION ON ORDINARY AND SPECIAL BUSINESS

The Directors consider that approval of the ordinary and special resolutions proposed at the 2012 AGM, with the exception of the Wind Up Resolution, is in the best interests of the Company and the shareholders as a whole. The Directors recommend that you **VOTE IN**

FAVOUR of the ordinary and special resolutions to be proposed at the 2012 AGM **EXCEPT FOR THE WIND UP RESOLUTION**, which is the last resolution of the 2012 AGM. The Directors recommend that you **VOTE AGAINST** the Wind Up Resolution.
