

VIETNAM ENTERPRISE INVESTMENTS LIMITED

Release Date: 18 August 2020

INVESTMENT OBJECTIVE

The Fund seeks long-term capital appreciation via holdings in listed and pre-IPO companies. Investment criteria are attractive growth and value metrics, good corporate governance, and alignment with Vietnam's underlying growth drivers. The Fund may also hold equity-linked instruments and private equity. VEIL maintains a broad universe, which includes companies operating and/or listed outside of Vietnam, and it looks to outperform the VN Index on a rolling three-year basis.

MANAGEMENT COMPANY

The Fund is managed by Dragon Capital, which was established in 1994 and is the biggest foreign investor in the Vietnamese stock market. Portfolio manager is Vu Huu Dien who has worked for Dragon Capital for 17 years at various positions including research analyst and portfolio manager. Supporting the manager are two deputy managers, a research team of 10 analysts and an execution team of 2 traders.

STOCK SELECTION

Being a closed ended fund VEIL can invest in more illiquid strategies than open ended peers. This is restricted to a self imposed maximum of 15% NAV and is largely focused on the public offerings (IPO) and privatisations as well as secondary offerings/ placements which have historically spent many months on the OTC market and UPCOM (Unlisted Public Companies Market) before full listing on the main board of Ho Chi Minh Stock Exchange or Hanoi Stock Exchange.

SECTOR ALLOCATION

MARKET CAP DISTRIBUTION

PERFORMANCE ATTRIBUTION

VEIL was down 2.6% in July, just behind the VN Index (TR\$) by 0.2%, as the market also fell on news of the first local transmission of COVID-19 since April. Seven out of VEIL's top-10 holdings ended the month lower, with the top holding Vinhomes (VHM, +1.6%) leading the gainers. Among the top-10, Mobile World Group (MWG, -7.9%), along with VEIL's other top name in the retail sector, Phu Nhuan Jewelry (PNJ, -10.0%), were among the hardest hit. Hoa Phat Group (HPG, +1.0%) held up well and deserves a mention given its excellent fundamental strength and outlook.

DRAWDOWNS

Over the past 5 years, there has been only one drawdown of over 10%, in November 2012 and a drawdown of 10% in September 2015. In one of the worst months for equities in the past 2 and a half years, January 2016, there was a drawdown of 9%.

BORROWING

VEIL's board has approved borrowing of up to 10% of NAV or US\$100m, whichever is the lower. As at this date, VEIL has a facility of US\$100m in place though none is currently being drawn down. The purpose of borrowing is to facilitate the short-term cash management of VEIL.

PEER PERFORMANCE (30 JUNE 2017 - 30 JUNE 2020)
